Oshkosh Morning Rotary Club, where the coffee pot is always on, and there is time to talk!

When disaster strikes

LAST WEEK:

Conquer the Concrete:

Last Saturday we held the fifth annual Conquer the Concrete Wiffle Ball

Saturday May 1, 2010
10 am to 4pm

Tournament. The weather was warm, sunny and oh so, so windy.

We had over forty participants and many fans for the Kids Division watch. Participation was up

this year, due in no small part of all the Club members actively soliciting teams. This event can be successful fund raiser and community event at the same time, thus fulfilling two of the service goals for the club in one event.

Thank you all for your support and volunteering for the day.

ROTARY NEWS:

When disaster strikes, Rotary helps bridge the gap between immediate relief and long-term recovery.

Rotarians can identify disaster preparedness and recovery projects to support through ProjectLINK. Contributions to projects listed on ProjecLINK can be sent through Rotary International Headquarters or the International Service Offices by using a WCS Remittance Form .

To provide the most effective, efficient, and immediate relief to disaster victims, Rotarians are encouraged to work with well-established international relief agencies, such as UNICEF, the International Federation of the Red Cross and Red Crescent Societies, and Doctors Without Borders.

Or Rotarians can work with Rotary club or district relief initiatives, such as ShelterBox, World Water Works, Aquabox, and LifeBox. The Disaster Relief Rotarian Action Group also provides information and resources.

If your club would like to identify organizations to work with on their disaster relief and recovery project consult the Disaster Relief and Recovery Organizations List.
